A LETTER FROM OUR PRESIDENT

Hello again FBLA members and advisors!

Fall is a very special time of year for many FBLA students. The falling of leaves brings with it Fall District Meetings, progress on your Program of Work and Business Achievement Awards, and perhaps most notably, pumpkin spice lattes! Regardless of whether you like the change in weather and way-to-early holiday music on the radio, it is an indisputable fact that this is a very hectic time of the year. Therefore it is imperative that you learn to manage your time well in order to stay on top of your responsibilities.

Organization is the key to accomplishing this. The efficient use of a calendar or a planner is essential for many to record upcoming assignments, projects, and extra-curricular commitments. This allows you to give yourself adequate time to put in your best work. Any business leader would tell you the same thing about how to succeed in your career. It is not inherent genius that makes a leader. In addition to the usual traits, a leader must be organized to manage not only their own responsibilities but the responsibilities of the group as well.

A LETTER FROM OUR PRESIDENT

Managing your tasks is essential for your success, but that does not mean you cannot have a little fun as well! There's no better place to combine the two than at your Fall

District Meeting. If you have attended an FDM, you know that your State Vice Presidents put in a lot of hard work to ensure there are incredible guest speakers, invigorating workshops, and great

local food! For first-time attendees, the FDM provides a great opportunity to learn a little more about FBLA and how you can get involved. Be it completing Program of Work challenges or running for state officer, the FDM is the perfect place to ask questions and start thinking about how you want to spend the rest of your FBLA year!

The fall may be a busy time of the year, but staying organized and balancing work and play can also make fall a productive and fun. I look forward to seeing how each of you find success by remembering these tips!

Sincerely,
Nicholas Imam

State Vice President for District 1N - Saffiyah Savage

Greetings, District 1N! I am pleased to say that the Fall District Meeting was great! Seeing new faces, talking to old friends, and being able to preside as your State Vice President was an honor. I was happy to see people attending my workshops on becoming a State Officer and the Program of Work. I hope people decide to pursue this amazing opportunity of being a State Officer. Also, I am proud to announce that our 2018-2019 District Officer will be... Jacqueline Moglia.

DISTRICT NEWS

State Vice President for District 1N - Saffiyah Savage

Hello! I am Jacqueline Moglia. I'm currently in 11th grade and I go to New Hyde Park Memorial High School. I am the new District 1N Secretary and I will try my best to fill this position as best as possible. I think I will be successful in this position because of my outside experiences in the business world. I currently work at a local law office; this position has taught me business concepts that a textbook never could. This allows me to have a point of view that many other people my age do not have access to.

Some good qualities I have are: leadership, creativity, and integrity. Being a leader is a quality I believe I was born with. I have always guided others in what and what not to do. Creativity is extremely important to me. I always have new ideas on how I could make things better. Integrity is one of the most important qualities a person can have. This quality of honesty and morality is always what guides me. Some fun facts about me are: all of my friends call me Jackie, I have one younger sister, I love to go to all types of concerts, I am going to Spain and Portugal this spring, and my favorite class is art. Thank you for taking the time to getting to know me. I hope to meet many new people and make many new memories.

State Vice President for District 3N - Meghan Dillon

Hi everyone! My name is Meghan Dillon and I am the State Vice President for District 3N. On October 5, 2018, District 3N's 2018 Fall District Meeting took place at Carmel High School in Carmel, New York. From 12:30-5:30PM, members attended three different workshop sessions and enjoyed a great presentation and question and answer session from our guest speaker, Mr. Mario Nacinovich. Mr. Nacinovich discussed his career path and his various roles in leadership and experience in the business world.

He also discussed the various parts of our state motto, "Educate. Motivate. Innovate." and how these concepts are at the core of FBLA and vital for success. It was incredible to see many members of District 3N come together to discuss business and form connections. I am very honored to lead District 3N for 2018-2019 and hope to see you all during the State Leadership Conference this Spring!

State Vice President for District 3S - Michaela Gualano

On October 12, 2018, Mamaroneck High School held District 3S's Fall District Meeting.

An event that was attended by various schools like Hendrick Hudson High School, Lakeland High School, Loyola High School and Mamaroneck High School. The Fall District Meeting began with opening session and the introduction of our keynote speaker: Russell Wolff. Mr. Wolff is Executive Vice President and Managing Director of ESPN International. He lectured the audience on pursuing their dreams and finding their passion with an underlying message of the importance of kindness and appreciating what you have.

Following opening session, students attended three 30-minute workshops. Each session had five choices for workshops. The workshops ranged from strengthening your professional presence and how to create great business conversations to making a leader and understanding how to sell and negotiate. Each workshop contained 15-20 people. The feedback I received was spectacular.

Based on people's responses, I believe people listened, learned and got inspired by what they heard.

Canastota High School · By: Emily Case

On Friday, September 28, close to 100 Canastota High School freshmen boys and girls attended the second annual “Empowering Freshmen Workshop” held at Theodore’s in Canastota. Spearheaded by

Canastota High School teachers Kelley Brenon, Liz Garofalo, and Lisa Visalli, this workshop proved to be a powerful forum that discussed relevant issues facing our students today. Assisting with the workshop were our School Psychologist Brenda Jenkins, and Guidance Counselor Brandi Bostic. Facilitating the male portion of the event were Principal Jay Altobello, Assistant Principals Drew Kennedy and Stan Congden, teachers Sean Dwyer and John Slater, and Guidance Counselor Bob Mengucci.

The plan for this workshop was developed three years ago after teachers reviewed a survey that was given to previous 9th graders. In the survey, the 9th graders were asked a series of questions ranging from “What would you change during your freshmen year” to “What advice would you give to the incoming freshmen.” The workshop was so successful last year that it was decided to make this an annual event.

Canastota High School · By: Emily Case

The workshop provided a safe place for open discussion to enlighten our freshmen girls with self-confidence, self-respect, and self-esteem. While our freshmen boys discussed such topics as respect, teamwork, leadership, and integrity. Guest speakers from the community were on hand to discuss prevalent issues pertaining to young students today. Speakers included Marcia Laidlaw, Deb New, Don New, and Coach Jake Smith. Current junior, Emily Case spoke candidly to the group of freshmen.

Chief Zophy and Officer Paladino talked about social media to each group of students. During the afternoon session, members of KidsOneida also facilitated activities for each of the groups. Throughout the workshop, the students participated in team building activities. The day proved to be not only motivational, but inspirational to all those in attendance. A follow-up meeting is planned for November.

FBLA members assisted at the event by preparing invitations, certificates, and thank you notes. They also prepared all of the folders and contents that were given out to each student in attendance. Emily Case gave a presentation to the group about bullet journaling.

While at the seminar, Emily case took time to ask a few of the girls what they would take away from this seminar and what they might change moving forward.

Freshman Alexis Clark, said “I learned that people have their own back stories and some people think that one life is harder than another. I mean we all have hard lives and we go through bad experiences. What I took from this is that I learned how to get to know more about a person and about how they feel and if they are going through a bad experience, I want to help them.” This workshop evidently had a positive impact on incoming high school students. So much so, that club attendance could be on the rise for upcoming years. As part of the confidence boosting day, the freshmen were encouraged to become more involved in school activities.

Lakeland High School · By: Jiya Kapoor

The Lakeland High School FBLA's annual officer team bonding event took place on Thursday, October 18th. The event took place at Boundless Adventures in Purchase, New York. Our FBLA's officers completed obstacle courses together from 10 to 55 feet in the air. Course difficulty included easy, medium, hard, and extremely difficult.

Some obstacles included ziplines, tightropes, and climbing rope. These obstacles tested the officers' endurance, speed, strength, and agility, and was a great experience which brought the group much closer together.

Our team of officers hopes to have the next bonding experience open to all members of the Lakeland FBLA, and you can participate by joining FBLA! To join our school's FBLA, talk to Ms. Nigro in rooms 202 or 204, or talk to Ms. Griffin in the Library. FBLA will not only provide you with new experiences, such as the team bonding event, but will also introduce you to new people, and strengthen your business and leadership skills as well. In addition, FBLA exposes you to many community service opportunities, giving you the hours you need for National Honor Society (NHS), Boy/Girl Scouts, and other extracurricular activities in which you may take part.

Shenendehowa High School • By: Maria Carzo

For the month of October, the Shenendehowa chapter of FBLA participated in the annual Breast Cancer awareness walk at Washington park on October 21st.

With the participation of Shenendehowa our chapter raised over four hundred dollars for the event. Many members from FBLA ventured out to Washington Park to represent FBLA. The walk was a nice way of giving back and it was a wonderful experience for all.

An important value of FBLA members is volunteerism. Not only does it feel good to us, but it truly helps fund vital research and treatment opportunities. It was amazing to see so many people support such an amazing organization.

It was also empowering to watch the countdown to the walk when all the survivors cut the ribbon to kick off the walk.

We were all truly touched because each of us has been impacted by this terrible disease one way or another. The walk was quite chilly, but the brave members walked to together with a smile on each of their faces. The event was an overall success and wouldn't have been made possible without the efforts of our FBLA leaders and advisors.
