Meet Your SVP

Hello District 12 advisors and members! My name is Nathan Wan and I have the privilege of serving as your State Vice President. I look forward to having a productive FBLA year and I cannot wait to see everyone.

For our District, I have a couple of goals in mind. First I want to increase and improve communication between NYS FBLA and local chapters. Through social media and district meetings, I hope to create a clear line of communication, unifying our district and hopefully boosting membership. Additionally, I would love to have new chapters and potentially Middle-Level Chapters this year.

Outside of FBLA, I am involved in many different activities. I am setter for my varsity volleyball team, student council treasurer, member of multiple honors societies and more.

I'm beyond excited to see what we can accomplish this year as a district and I am confident that we will be successful. Please contact me with questions, concerns, or suggestions at svp12@nysfbla.org

Make sure to follow @newyorkfbla on instagram to stay informed! Also, check nysfbla.org for more updates for District 12!

FDM

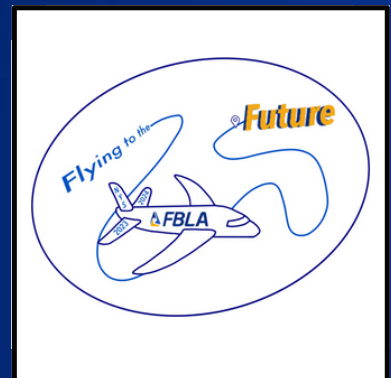

This year, District 12's Fall District Meeting is on Wednesday, October 11th at Williamsville East High School, NY. There will be various opportunities to learn, network, and become more involved in FBLA. We will present the new Program of Work for the year and will educate you on other various FBLA topics. Make sure to register early and all advisors please email a list of all attendees' names to Nathan Wan at svp12@nysfbla.org.

State Charity

K9s for Warriors has been chosen as the 2023-2024 NYS FBLA State Charity! Their main goal is to rescue dogs and train them to support struggling veterans. The State Officer Team is excited to work with this organization and the best way to support is through spreading awareness on social media, fundraising, or even donating!

State Theme

"Flying to the Future" is our State Theme for the year!

Opportunities

Competitions

FBLA creates so much opportunity for members to embrace their competitive nature and compete against other FBLA members. At the Spring District Meeting and State Leadership Conference, FBLA hosts a multitude of different events and competitions, whether objective or presentation, that tests members on their knowledge of business. There are plenty of awards so I encourage everyone to compete!

Leadership

There are many ways for members to become leaders in FBLA. Members can go through the process and apply to be State Officers or members of State Councils. Also, District positions will be available for District 12 this year. Make sure to complete the application included in the FBLA registration packets if you are interested. Lastly, local chapters also have leadership positions so don't be afraid to run!

POW Challenges

This years Program of Work includes many new unique challenges that represent a wide range of business skills and values of FBLA. Competing can earn you a prize or ribbon at SLC!
