

# NEW YORK STATE FBLA DISTRICT 3N

# SPRING NEWSLETTER

Hello everybody! We've been working hard in District 3N this spring, with a mix of volunteering, competitions, and prepping for the State Leadership Conference! We are excited to share all the exciting things we've been doing this spring and hope to inform members about important dates and the many upcoming opportunities in store!

# SPRING UPDATE:

## Spring District Meeting

BY ELLA CHERIAN

The Spring District Meeting was hosted at Monroe Woodbury High School. The FBLA community was granted the opportunity to compete and got the chance to show off their skills! On February 1st 2024, members gathered and competed in different FBLA events, which included both performance and testing categories. Many members gained awards, earning recognition for their achievements.

New York State President, Diya Mangatt, gave a memorable speech at SDM, welcoming all those who were present, as well as those competing in events.

Diya discussed the importance of building confidence and putting yourself out there. She expressed that gaining new experiences and trying new things was a valuable opportunity that should not be taken for granted. She gave chapter members inspiring advice to help them in their future careers and ended her speech with good luck wishes for those who were competing! The night ended with many people taking home awards and planning out their events for SLC!

## Dog Walking Event

BY ANYA MALHOTRA

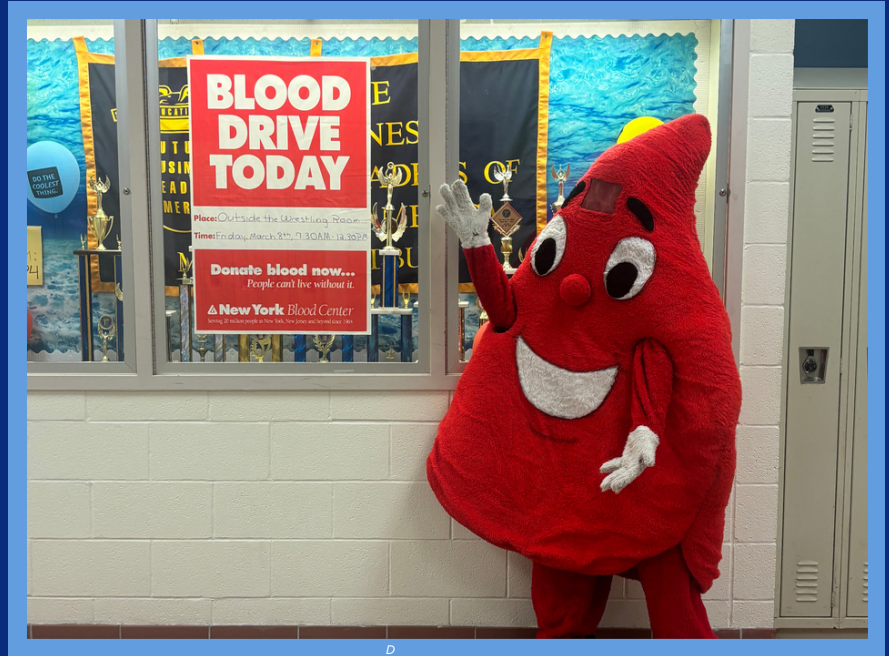

In support of the state chairy K9s for Warriors, our FBLA chapter organized a dog walking event! K9s for Warriors is an organization dedicated to supplying highly-trained Service Dogs to military veterans who have experienced PTSD and other challenges in the line of duty. On February 4th, the FBLA Officers of Monroe Woodbury helped walk the dogs of MW residents throughout the neighborhood for a fee of \$5. All proceeds from this event was given to the incredible work of K9s for Warriors.

# Blood Drive

BBY AVA CHERIAN

On March 8th, FBLA hosted the annual Spring Blood Drive in the Monroe Woodbury High School wrestling room. Many chapter members volunteered and assisted those who were donating blood.

Students aided in signing in donors at the registration table, setting up the canteen table with snacks and beverages for those who donated blood to recharge. Chapter members also had the duties of being escorts to those who had just donated blood and giving people places to sit down. Both high school students and adults all contributed in donating blood to save lives! FBLA is so happy to be apart of a wonderful cause.

# UPCOMING EVENTS:

## State Leadership Conference

*BY ANYA MALHOTRA*

Monroe-Woodbury will be traveling to the 2024 State Leadership Conference from April 9-12 2024. Thus far members of our chapter have been focused on preparing for the various competitions that are offered at the event. Members will be progressing in their competitions from the Spring District meeting as well as undertaking new ones! Both older members and the officer team have been helping newer members become familiar with competitive events, giving them tips on how to prepare effectively. We hope to continue prepping for SLC and wish everyone good luck in their competitions!
